 **Nicols®**
Why choose us?

All our boats are made in our shipyard in France.

30 years of boating holidays experience.

Smart and bright house boats.

1986-2016: Still passionate about the waterways after 30 years!

The Nicols story began back in 1986 with the opening of our Cholet boatyard in the Maine-et-Loire, France. Since that day Nicols have built more than 600 boats split across an evolving group of five ranges and over 25 different models. Each range - Marina, Riviera, Sedan, Confort and more recently Estivale - has got better and better both in range of equipment and technological improvements as well as in style and comfort.

The secret of our great Nicols boats is simple. We've listened to our customers - the users of our boats. Many of our customers have been with us from the start and with their suggestions and feedback, plus a desire from our boatyard to build the best, we have produced one of the finest and broadest fleets available to the boating holiday market.

Whether it's creating the ultimate luxury in self-drive cruising, our renowned designs that utilise natural light (as well as provide great views!) and huge floor terraces linking onboard living and outdoor life, or innovations such as the one-of-a-kind splash pool attachment and exclusive to Nicols destinations such as Portugal... our ethos has never changed. To offer the best boats in the most beautiful places.

With more than 30,000 customers per year we must be doing something right and hope that someday soon we will see you and your crew onboard.

Family friendly boats where safety is paramount.

Small bases with knowledgeable and friendly staff.

Cruising itineraries on the most beautiful waterways in France, Germany and Portugal (exclusive to NICOLS®).

A welcome present waiting for you on arrival aboard.

Excellent savings for our loyal customers.

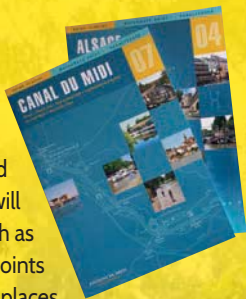

And lastly....our heated pool (exclusive to NICOLS®) perfect for children... and for adults!

Waterways guides

A comprehensive guide is vital for planning your cruise. It provides detailed information of the waterways on which you will navigate highlighting **useful information** such as the location of locks, quays, water fill-up points in addition to **tourist information** such as places to visit and their opening hours, market days, good restaurants and much more.

We recommend you order your waterways guide at the same time as booking so that you receive it with the other cruise documentation you will be sent. This means you will have plenty of time to plan your journey in advance.

Get ready for

Navigation is easy!

Our boats are easy to operate with either just one inside steering position or a second rooftop position to navigate under the sun with a panoramic view.

You will discover **simple controls that are easy to use**: the wheel, a gear lever and a few instruments on the dashboard. Don't worry if you've never been on a boat before - we'll show you everything you need to know before you set off. You'll be taken out on the water and given a hands on demonstration of everything from how to go through locks to tying up at the water's edge.

Warning: the minimum age to take the helm of a boat is 16 years old but they must remain under the captain's (an adult!) responsibility.

Where to stop

During your cruise **you're free to stop wherever you like...**being careful not to disrupt the countryside and wildlife (or encroach on private property!) simply moor up and step ashore.

Day-by-day you'll discover new surroundings and sights as you travel at your own pace through beautiful countryside - a wonderful way to enjoy ever-changing scenery and the great outdoors.

If on the other hand you prefer the hustle and bustle of the towns and villages you pass on route then take advantage of the purpose-built ports and mooring sites. Sometimes a small fee is charged but these comfortable and serviced areas will provide easy access to the town.

Locks

- **Will I have to pay?** Passage through locks and bridges is free.
- **Are they automatic?** Most locks are automatic and operated by a lock keeper who may ask you to help them, whilst others are manual. In the Charente the locks are all operated by you and your crew, thus you are not restricted by timetables.
- **Are there days of closing?** Most locks are automatic and operated by a lock keeper who will be happy to help you. In general, lock keepers do not work on Bank Holidays : 1st May, 14th July, 1st November. For a list of regions concerned please contact us.

your cruise and...enjoy the waterways!

Canal or river?

Most of the waterways in our brochure are generally wide and non-tidal making them easy to navigate. Depending on your chosen departure base you may cruise on both canals and rivers.

Rivers, where natural, are more susceptible to the possibility of flooding compared to the **manmade canals** - especially in Spring and Autumn.

Some navigation restrictions may occur as a result of this flooding and for your own safety we may change your departure base or restrict cruising to the canal sections only, rather than cancelling your cruise completely. Please make enquiries about the state of the waterways before leaving on your cruise.

WARNING: the information provided in this document is not contractual. Characteristics may vary depending on the boats and the areas where you'll navigate.

For the most enjoyable boating holiday

Portugal, Grande Lago

Enjoy plenty of sunshine and swimming and watersports in clean warm waters. Anglers can fish for black bass, carp and more. Numerous activities await such as cycling, horse riding and quad bike riding or for a slower pace of life why not discover the richness of fauna and flora, or historical interests such as fortified villages, archaeological sites and locally produced traditional handicrafts and pottery. Taste regional traditional cooking and a meal with a view at the panoramic restaurant on the port. Don't forget our Amieira team offer an 'onboard menu' and 'onboard shopping' service.

Grande Lago

From Amieira Marina:

The region boasts waters of an incredible quality, where both nature lovers and watersports fans will find an abundance of things to see and do. Remember your camera as there are photo opportunities aplenty!

Head with your crew of family or friends to moor on **an islet for a night 'Robinson Crusoe'** style or venture to other stops that allow easy access to the beautiful surrounding villages and places of interest such as the Alqueva dam, an amazing structure built in 2002. Other places to visit are the new identically built village of Luz, replacing the old Luz that was swallowed up by the Grande Lago (don't miss the museum); **Mourão with its castle and fortifications from the 13th century**; the fortified city of Monsaraz with its narrow and paved streets and a splendid bullring.

With more than 300 sunny days per year a boating holiday on the Grande Lago can be enjoyed at any time of the year!

All our boats are equipped with sounders, GPS, barbecue, monitor / DVD... For rent at the base: bikes, canoes, kayaks...

The Nicols story

Nicols® began boat construction back in 1986 as part of a wider French industrial group that specialised in the transformation of plastic materials.

In 1990 the first Nicols® base opened in Dole in Franche-Comté. The following year a reservation centre opened to take rental bookings for holidaymakers.

25 years later and Nicols® continue to manage the complete process: boat construction, boat hire and the managing of the bases. Over the years, different generations of boats have been created: the Marinas, then Riviera, then the easily recognisable 'sea-yacht' shape and renowned terrace of the Sedans, the Confort range that is loved so much by couples and finally the newest Estivale range.

In total there are **five ranges, 25 boat models and nearly 600 craft** that have been produced from the Nicols® boatyard.

Enjoy lazy days on the water all year round

A spacious living area, a fitted kitchen, cabins and bathrooms, a terrace...**your Nicols® boat is as comfortable as a floating home!** Such is the case for some of our clients who have enjoyed it so much, that they have chosen to buy a Nicols® river boat as their second home.

Whether new or second hand there is the possibility to have interior fittings altered or made to measure as you wish. The Nicols® boat enthusiasts are not only holidaymakers but also happy boat owners!

For more information on buying a boat - whether new, refurbished, customised or second-hand - please contact Nicols®.

Choose your Nicols boat!

The key to a successful boating holiday is in choosing the best boat for you and your crew – from the size of the boat, its facilities and layout of cabins and internal equipment, to the security for accommodating children...

The information below will help you make your selection of boat.

Nicols® boats – something for everyone

- **ESTIVALE** range (p. 42/43) : Nicols® very latest boats, high-end equipment and clever design to make the most of available space.
- **CONFORT** range (p. 44/45) : great for couples, each cabin has its own private bathroom.
- **SEDAN** range (p. 46-49) : ideal for families a fantastic large rear terrace level that's easily accessible from the living room.
- **RIVIERA** range (p. 50/51) : first boats created by our Nicols shipyard, simple and easy to manoeuvre.

Choose your boat according to its capacity

Read our detailed boat descriptions and boat layout diagrams to ensure that there is going to be enough space for your party to enjoy a comfortable cruise together. If you do not wish to use the convertible saloon as an extra bedroom please choose a model which offers enough beds in cabins for everybody.

Example: a boat described as being a 4+2 is a boat which offers 4 beds in cabins plus 2 extra bed spaces in the converted saloon area.

"Home-from-home" comfort

Our boats have a vast living room with a 360° panoramic view. The kitchen includes lots of equipment and has everything you'll need: 220l fridge with a freezer compartment*, ring-hob, oven / grill depending on boat model * and wide work top areas.

The kitchenware is supplied as well as the bedding (sheets, duvets, pillows). Terraces are equipped with garden furniture and either a sun awning or parasol depending on the boat model.

* Fridge 220l except on: Riviera range, N800 and Primo®. Oven: except N800.

Security first

To make moving from one end of the boat to the other safe and easy all our walkways are covered with an antislipping surface, have a hand rail and a double railing* at a height of 60 cm (safety criteria imposed by the legislation for boats made in France). The rear terrace on the Sedan and Estivale ranges are on the same level as the living room meaning there are no stairs to negotiate going either in or out of the boat. The front terrace of the Confort range can be reached via a gangway 1 metre high moulded into the hull deck for the maximum safety. All these criteria mean that Nicols® boats are one of the safest on the market, particularly when it comes to accommodating crews with children and/or people with reduced mobility.
